KENTUCKY CONFERENCE

Of the Methodist Episcopal Church Appoints Ministers For the Various Churches. Rev. S. K. Hunt and Rev. J. F. Ruggles Come Here.

The Kentucky Conference of the Methodist Episcopal Church finished its work and adjourned after the reading of the appointment by Bishop Anderson at Berea, Sunday night. While we are unable to give a complete list of the appointments at present a few of them of local interest will be given.

The Third Street Church of this city gets Rev. S. K. Hunt of Hodgenville and the Forest Avenue M. E. Church, Rev. J. F. Ruggles of Germantown. Rev. J. M. Lital goes to Harboursville and Rev. A. F. Felts to Sardis. A great many other changes were made in the districts. Mayville now being included in the Ashland District with Rev. W. H. Davenport as superintendent. Rev. E. R. Overly continues as superintendent of the Covington District and Rev. W. W. Shepard, former pastor in this city is made superintendent of the Louisville District. Rev. W. H. Morris of Sardis gets the Vanceburg charge, O. J. Carder goes to Grace Church, Newport; F. T. Kelley to Main Street, Covington; Madison Coombs to Middlesboro; H. D. Cooper to Russell; T. S. B. Stratton to Dayton. The conference will meet next year in Somerset.

Mayville will be anxious to see and hear their new pastors. Both of them are young men, the best in the conference. Rev. Ruggles is well known to the many who attend Ruggles Campmeeting but Rev. Hunt is a total stranger to everyone. He comes however, with the reputation of being one of the best young preachers in the conference.

The Mayville Churches will extend a cordial welcome to their new pastors and will now buckle down for a hard year's work. The Third Street M. E. Church was never in better condition for success and every indication is for a banner year in all lines of church activities.

PLEASANT SOCIAL EVENT

A cortege of the younger set of Mayville Society chaperoned by Mr. and Mrs. Charles M. Dooley, Mr. and Mrs. Harry Mills and Mr. W. T. Cummings, were the guests of Mr. and Mrs. Frank P. O'Donnell at a reception given Friday evening at the hall of the Knights of Columbus in honor of Miss Eunice O'Donnell of Chicago and of Mr. William E. Flannery of Detroit niece and nephew of the host and hostess. To the latter, on the eve of his departure for home, the event was a farewell dance, whilst to the former it was in the nature of an introduction into a wider circle of Mayville society. Dainty refreshments were served.

TULY-FLEMING

Mr. Ben P. Fleming and Miss Carrie Yazell Tully were quietly married at Covington last Saturday, September 9. Both are very popular among their large circle of associates. The groom is a son of Mr. and Mrs. George Fleming, of East Second street while Miss Tully is the daughter of Mr. and Mrs. H. C. Yazell, well known residents of the county, and has a large circle of friends. The many friends of both extend congratulations.

ALMOST A STRIKE

Several of the employees of the Gibson Garment Co. yesterday afternoon attempted to call a strike of the other workers for higher wages. All agreed to walk out but only three did so. The factory is running this morning.

RENTS PROPERTY

Yesterday I. M. Lane & Co. rented the Heller property on West Second street to W. I. Nauman & Bro., grocers, for a period of five years. They will move their grocery about the first of October.

G. O. P. WINS

In Maine Election By Safe Margin—Milliken Elected Governor Over Curtis—Fernald and Hale U. S. Senators—Four Republicans Named For Congress.

Portland, Me., September 11—Maine Republicans, reinforced by returning Progressives, won a signal victory at the election today. They elected a Governor, an Auditor, two United Senators, and four Representatives in Congress and wrested control of the State House of Representatives from the Democrats and will be able, on a joint vote of the legislature, to elect the other state officers not chosen by popular vote.

Carl E. Milliken led his ticket, defeating Governor Oakley C. Curtis, who sought re-election by a plurality of approximately 13,000.

At 10:30 o'clock tonight the indications based on a tabulation of the vote from a little more than half the precincts was that the Republicans had won by safe pluralities.

If the ratio of the Republican margin is maintained, Bert M. Fernald, Republican, seems to have been elected for the short term in the United States Senate, and the same ratio of gain would give him a plurality of 9,500.

United States Senator Charles F. Johnson, Democrat, apparently has been defeated by Frederick Hale by an indicated plurality of 7,500.

FOUR G. O. P. CONGRESSMEN

If the Republican Congressional candidates hold the lead they had at 10:30 o'clock, four, Louis B. Goodall, in the First District; Wallace H. White, Jr., in the Second; Congressman John A. Peters, in the Third, and Iren G. Hersey, in the Fourth, will be elected.

The Republican drift extended to county officers, the greater number of county attorneys and sheriffs being Republicans. These officers are important locally because the holders are charged with enforcing the prohibition laws. The vote was heavy as had been expected for the campaign had been waged with a determination not seen in recent years. The country was searched out for speakers of national prominence and the greater number of these battled on national issues. National defense the tariff and the eight-hour law for railroad men loomed large in the speeches.

The Progressives who two years ago cast 18,226 votes returned largely to the Republican party in the opinion of Republican leaders.

The closest fight was for Congress from the Second District where Representative Daniel J. McGillicuddy was defeated by Wallace H. White, Jr., 500 plurality.

Heavy Vote Cast

The total vote may prove to have been the largest ever cast in the state.

The election was the culmination of one of the hottest fights ever waged in the state and marked the reunion of the Republican and Progressive parties, whose differences in 1912 gave the electoral vote to Maine to President Wilson and two years later resulted in the election of Governor Oakley C. Curtis by a plurality of 3,189. Tonight figures indicated that the regular percentage of the Progressive vote which two years ago was 18,226, was cast today for the Republican ticket.

For the first time the two United States Senators were elected by popular vote, and the Republicans made a determined effort to win the one seat in the Senate and the single seat in the House of Representatives held by Maine Democrats.

The following telegrams received last evening by Mr. W. D. Cochran were very welcome news to the Hughes and Fairbanks followers in this city, as the result in Maine, strongly indicates the November outcome:

Chicago, Ill., Sept. 10, 1916. W. D. Cochran, Mayville, Ky.

Early returns show Republican leading for both Senator and Governor by over 10,000 with about 1/4 of returns in.

A. T. HERT.

Chicago, Ill., September 11, 1916. W. D. Cochran, Mayville, Ky.

Indications now that Maine will go ten thousand, all Republicans elected with possible exception of Congressman in one district, the Third.

MEETING CHANGED

The stereopticon lecture which was held in the Christian Church tonight will be held in the First Presbyterian Church on account of the Christian Church not being wired for electricity. All of the other meetings will be held in the Christian Church however.

BEAUTIFUL WALLPLATE

A beautiful wallplate has been placed in the hall of the night school building by the graduating class of 1916. The plate is very attractive and contains the names of all of the members of the class.

LEAVE FOR SCHOOL

Misses Carrie Goodwin, Carlisle Chenault, Mary Bacon Osborne and Harriet Rains left yesterday afternoon for La Grange, Ga., where they will enter school.

WILL HAVE FAIR

Colored People of This City Arrange For Exhibition to Be Held in the Baseball Park.

The colored people of this city will have a fair this fall, in contradistinction to the statement made sometime ago that there would be no such exhibition on account of the condition of the streets.

Messrs. Bradford, Humphries and Puton have informed us that the Mayville Colored Fair will be held in the baseball park on October 6 and 7. A large number of premiums have been arranged and entries for the same will be sent in from now until the fair. These men have already secured their merry-go-round, a cake walk, old plantation, and numerous other attractions.

Arrangements have been made to accommodate the large crowd of colored people that will undoubtedly come from various parts of the county to stay during the fair and there will be no crowded quarters as during the meeting of the Colored Odd Fellows. They assure the people that there will be plenty to eat and numerous places to stay.

The management has secured a contract for a band for the two days of the fair. The band is one of the best in Northeastern Kentucky but the men in charge are keeping the name of the band in secret so as to surprise the people.

The fair this year promises to be one of the best that has ever been in this city. Preparations are being made each day for the success of the exhibition.

DEMOCRATS PROVIDE FOR NATIONAL LOAN

At last the cat is out of the Democratic bag. For months the country has been assured that the new revenue bill, with the balance in the Treasury, would provide sufficient to pay all of the heavy appropriations for the coming year even if they reached the expected total of \$1,700,000,000. This has proved impossible, and so bonds will be issued to the amount of \$130,000,000 to pay the expenses of troops on the border to the first of next January, and about \$90,000,000 more if they are kept there throughout the fiscal year. The bonds will be those of the Panama Canal, which can be sold to reimburse the Treasury at any time, since the greater part of the expense of canal work was paid for out of the free money in the Treasury. These three per cent. bonds will command a ready market, although they have no currency privileges.

Of course, the effort is being made to show that all the extra expense of the session is made up by bills for preparedness. At the most liberal estimate such appropriations do not exceed \$390,000,000 beyond the normal expenditures, so that Congress has passed, or is about to pass, appropriation bills some \$200,000,000 in excess of last year, aside from preparedness measures. Last year was the high water mark of national expenses in peace times, and this year's appropriations will be so much larger that they actually exceed the cost of the most expensive year of the Civil War.

This is a strange record for a party which came into power pledged to economy.

The American people face the most extravagant appropriations and the heaviest taxation in their history.—Philadelphia Inquirer.

If Wilson is re-elected it will mean a Democratic tariff will be continued. If Hughes is elected this European competition will be met at the border by a protective tariff. Think it over.

No party has ever been popular, or could long stay in power, that resorted to personal rather than property taxes to make both ends meet.

McKINLEY'S WAR COST LESS BLOODSHED THAN WILSON'S PEACE

By Theodore Roosevelt.
Under President McKinley we had a war with Spain. Under President Wilson we are assured that we have had "peace" with Mexico. These are the words. Now for the deeds. During the war with Spain fewer Americans were killed by the Spaniards than have been killed by Mexicans during the present "peace" with Mexico. Let me repeat this. A greater number of Americans have been killed by Mexicans during these years, when we are officially informed that we have been at peace with them, than were killed by the Spaniards during our entire war with Spain. Moreover when the war with Spain was through, it was through. But peace still continues to rage as furiously as ever in Mexico. Nor is this all. The instant effect of the outcome of the war with Spain was to put a stop to the dreadful butchery and starvation in Cuba and the Philippines, and the entry of both Cuba and the Philippines on a career of eighteen years of peace and prosperity such as they had never known before in all their checkered history. But during these three years of Mr. Wilson's "peace" the Mexicans themselves have been butchered by their own bandits steadily and without intermission; and Mexican women and children have died by thousands—probably by scores of thousands—of starvation, and of the diseases incident to starvation. In other words, Mr. McKinley's war cost less bloodshed than Wilson's peace.

President Wilson is a newlywed, and Mr. Hughes' wife selects his neckties for him, and between the two the sufferer ought to take heart and buck up.

NEW YORK LETTER

(From Our Regular Correspondent)

"Pitiless Publicity"—President Wilson is so angered by the disclosure of the facts regarding the army in Mexico and especially Gen. Funston's recommendation that Pershing's command be withdrawn that he has appointed a special investigating board and newspaper correspondents are being grilled in an effort to compel them to tell where they got the information. The army officers could not be coerced into denying these reports—which were true—and some one must be punished for his responsibility for that "pitiless publicity" which Mr. Wilson so enthusiastically advocated before this election and which has been so repugnant to him ever since. His desire, of course, is to cashier some officer out of the service, but if such officer cannot be discovered at least he can make an example of the newspapermen.

Mr. Gompers' Pat—Senator Sherman has thrown a bomb into the Democratic camp, and probably into the camp of organized labor, by his exposure of the fact that Samuel Gompers' chief friend and pal in this administration, Postmaster General Burleson, has amassed his fortune by the use of convict labor on his Texas plantation. Mr. Burleson employs convicts to the exclusion of free labor, giving the State 60 per cent of their products and retaining 40 per cent for himself. Senator Sherman suggests that organized labor cannot approve of the intimacy between Mr. Gompers and Mr. Burleson under these circumstances. He does not know it. Mr. Gompers is aware of how his pal, Burleson, has amassed his wealth and he is convinced that organized labor generally is unaware of the facts; therefore he has spread upon the Congressional Record the court records of the trial for number of a convict or one of Burleson's overseers who had horse-whipped the unfortunate convict until he died. The overseer was acquitted on the ground that all the evidence against him came from the fellow convicts of his victim. And Burleson has since appointed him postmaster of Langview, Texas. Declaring that "Every intelligent citizen in the world and every decent citizen in this country is opposed to convict labor," Mr. Sherman said he felt it his duty, inasmuch as Mr. Burleson is a partner of Mr. Gompers in his political activities, to expose the facts.

A \$2,000,000,000 Congress—"We denounce the profligate waste of the money wrung from the people by oppressive taxation through the lavish appropriations of recent Republican Congresses, which have kept taxes high and reduced the purchasing power of the people's toil. We demand a return to that simplicity and economy which befits a Democratic government and a reduction in the number of useless offices, the salaries of which drain the substance of the people." Democratic National Platform, 1912.

Nothing more clearly exemplifies the radical difference between the platform pledges of the Democratic and its performances than the plank quoted and the performance of the Congress just ended, which has created innumerable new and useless offices and appropriated \$2,000,000,000 of the people's money. With only the first session of the Sixty-fourth Congress completed, the Democrats have appropriated, in exact figures, \$1,947,269,948. The Democrats have spent over \$8,000,000 a day for every one of the 245 days life of this session.

including Sunday and holidays. The administration estimates the total revenues for the next fiscal year at \$762,000,000. They contend, however, that the deficit will not be quite as large as these figures would make it appear because payment of some of the government's bills can be deferred until later on. It will, however, require an even more drastic exhibition of juggling with Treasury figures than Secretary McAdoo has thus far displayed to conceal the fact that "Democratic economy" has produced substantially a million dollar deficit. After the election, the public will be permitted to know the extent of bond sales which the administration contemplates. Never before in the history of the Nation has a single session of Congress been so profligate in its expenditures of the people's money. Probably it will be long before the voters will permit Democratic inefficiency to perpetrate such colossal economic blunders as has the present administration.

What Would Hughes Have Done?—Certain Democratic papers—they are few in number—naïve to devise a defense of President Wilson's course in the railway wage situation are demanding what Mr. Hughes would have done had he been President. And Mr. Hughes is making clear some of the things he would have done and some that he would not. The first step that Mr. Hughes, or indeed, any other "intellectually honest" man in the White House would have done would have been to strip the controversy of pretense and make plain to the public the fact that the railway employees were not demanding an 8-hour day at all, but merely an increase of wages. Mr. Wilson's defenders pretend to believe that public sentiment was with the railway employees in the controversy. If it was—and there is wide room for doubt on the question—it was because Mr. Wilson lent himself to the scheme of the Brotherhoods to make it appear that the railway men were contending for an 8-hour day, instead of merely an increase of pay. Mr. Hughes has made it clear that a President who desired to be guided by public opinion would have first made clear to the public the question at issue. And he has also made it clear that no question of his own political welfare would have tempted him to assist in the deception of the public, or to exert his influence to effect the desired increase in compensation until the facts had been investigated thoroughly and the merits of the controversy determined. Mr. Hughes has broadly intimated, too, that an Executive who had shown a manly spirit and a determination to deal with both the parties to the controversy and the public in a straightforward, upright manner would have compelled a respect from and acquired an influence over the Brotherhoods which would have induced them to await a fair and impartial investigation of their contentions. When the Brotherhoods found the resident willing, on the eve of the election, to be party to a scheme to deceive the public, they were hardly to be blamed if they distrusted the sincerity with which he would have probed the merits of the controversy after the election. Had they been dealing with an honest, sincere man, who from the first had sought the real merits of the controversy, rather than to make political capital for himself, they would have had less reason for fearing to trust the care of their interests to such investigation as he might direct.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Theodor's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theodor's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theodor's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

MUSICAL ATMOSPHERE

Dr. Pitzner a former teacher in Struie Conservatory and since in this country says America has musical life but no musical atmosphere. It is pleasing to note that so much rag-time is giving place to the folk songs and Hungarian dances in the cafes and picture shows. Classical players and classical programs are also being made a feature of high class vaudeville. Let every one strive for better music in the home, in the church and at socials. Encourage the child to devote more time to classical music instead of the lighter and more pleasing modern music. To know Bach and Beethoven is to love them and live them. Let us strive for a higher atmosphere in this way in the homes.

There is a widespread feeling among the office holders that if their salaries were advanced they could save the government a lot of money.

"There's a Reason"

TIPS TO BE GIVEN BY BLISS— AMERICAN-MEXICAN MEDIA- TORS ARE TO HEAR HIS VIEWS.

Washington, September 10.—Secretary Baker today granted the request of the American-Mexican Commission to have Major General Tasker H. Bliss, Assistant Chief of Staff, go to New London, Conn., to give the Commissioners information he has gathered first hand concerning the situation along the border.

General Bliss was authorized to hold himself in readiness to respond to a summons, and will leave whenever notified he is desired. The General is regarded as one of the army's most competent authorities on Mexican questions. As Assistant Chief of Staff he has more to do with the administration of military operations along the border than any other officer, except Major General Funston, and recently he completed a personal inspection of all the border military camps.

Pressure from political and business quarters is being brought to bear on Secretary Baker and Administration officials to withdraw national guardsmen from the border. Members of Congress, business houses and friends and relatives of guardsmen have deluged the department the last few days with requests for the release of the militia. The department has informed all inquiries that action will be taken as soon as practicable. Secretary Baker already has indicated that as soon as the units now en route to the border arrive other organizations will be withdrawn.

Guardsmen still in their state camps all probably will be given a tour of the border field service before being mustered out.

AMERICAN FARMER

Washington, September 11.—The disastrous effects of Democratic tariff legislation upon the American farmer were briefly described by Senator Porter J. McCumber, of North Dakota, during the debate on the revenue bill, a few days ago. He said in part:

"The Democratic Party took 22 of the leading products of the Northern States, placed 17 of them upon the free list, and compelled the American farmer to compete with the world. It reduced upon the other 5 more than 60 per cent of our defense in the matter of a protective tariff. The immediate result of that was that in my own State of North Dakota the importations of oats, for instance, increased during the first nine months before the war broke out in Europe 22,000,000 bushels—an increase of more than 28,000 per cent over previous importations—and of the increased importations during that period none were less than about 5,000 per cent. Everything that we produced 'jumped onto the toboggan' and went plunging down the hill in value until August 3, 1914, when the war in Europe, of course, sent all prices skyrocketing."

"The right of the American farmer is the right to the American market, just so long as he can supply that market for a reasonable compensation in return for the labor he has expended upon the products which he produces in that market. The Democratic administration has deprived him of that market, and he has only been saved the natural consequences of an enormous slump in his prices because of the war demands."

BEST EVER KNOWN, COLE SAYS

New York, September 10.—"The big outstanding feature of the last week of the Republican campaign in Maine was the remarkable impression made by Governor Hughes as an aggressive, fighting campaigner, who appeals to all classes and conditions of the people," said Ralph D. Cole, of Ohio, who returned from Maine today. "The Republican party has in Hughes the best all-around fighting leader it has ever known, bar none."

is a term complimentary to any wife; but how few now-a-days deserve the compliment! If ill-health prevents women should remember that there is one tried and true remedy for their ailments, that is Lydia E. Pinkham's Vegetable Compound. This medicine made from roots and herbs, has for forty years been alleviating the suffering of women, making them healthy and strong, and better wives and mothers.

SEEK STUDENTS' VOTES

Chicago, September 10.—The Republican Campaign Committee launched its campaign for the votes of college men for Charles E. Hughes today. Two hundred and fifty thousand letters were sent out by the Hughes National College League. They were signed by Theodore M. Girt, of Ohio, President of the league.

REPUBLICAN THRIFT IS SQUANDERED BY WILSON

Built Panama Canal Out of Current Revenues, Patriotically Hoarding Bonds in Treasury Which Democrats Filch to Hide a Deficit.

CARNIVAL OF DEBAUCHERY IN PUBLIC EXPENDITURE

Senator Penrose Believes the Looted Condition of the Treasury Will Necessitate the Withholding of Contracts for Battleships and Delay the Whole Scheme of Preparedness—Nation's Money Frittered Away to Finance Hare-Brained and Ill Advised Projects.

William H. Wilcox, Chairman of the Republican National Committee, has received from Senator Penrose a brief but positive summing up of the extravagances of the Wilson Administration during the session of Congress just about to close. The Senator says:

"When the country realizes what this Congress has done in the way of appropriations it will be dumfounded. Already, it has been shown that over a billion, seven or eight hundred million dollars have been appropriated—more money than was ever appropriated in any one year in the history of the American government. The total will reach nearly two billion dollars before the end of this carnival of debauchery in public expenditures is reached, because no account has been taken of the twenty-five millions for the Danish Islands, the thirty millions which the government will probably have to refund as a result of the five per cent rebate allowed on importations brought across the seas in American bottoms, and other matters which are likely to come up."

"It is only too evident that this bill which is expected to bring in some two hundred million dollars will absolutely fail to meet even the requirements for the ill-advised and certainly not urgent projects authorized by the present Congress."

"It is now claimed that these projects are to be financed by the issuance of Panama Canal bonds. The American people will regard such a proceeding as a very queer one because the issuing of bonds by the Cleveland Administration largely helped to bring about the downfall of the Democratic party in 1896. A bond issue has ever since been viewed with abhorrence by the Democracy; now, we find the party leaders compelled, by reason of their extravagance and inefficiency, to resort to it."

"To defray the expenses of a nitrate plant and of a shipplag board and many other needless projects by the issuing of Panama bonds will be in the last analysis equivalent to paying for them by bond issues. These bonds are lying in the treasury misused as the result of the thrift and economy and wise administration of the Republican party."

"Only about \$130,000,000 of bonds were put out in the construction of the Panama Canal. The balance of the cost of that stupendous undertaking was paid out of current revenues; and now, to advance the novel doctrine that these bonds which represent the thrift of preceding years shall be issued for these questionable projects is, to my mind, preposterous. In fact, it was expressly provided in the Spooner Act that Panama Canal bonds should not be issued for any other purpose than that of the construction of the Canal, and the infamous theory that they can be issued now to repay the treasury and that then the money can be squandered by the party in power to finance doubtful projects and to make good a deficit will not alter the fact that such a deficit exists."

"No amount of reasoning on the part of the Chairman of the Committee on Finance will alter the fact that outside of preparedness there has been at least \$200,000,000 of wasteful appropriations and expenditures by the present Congress. That condition of the treasury will absolutely necessitate the withholding of contracts for battleships and delay the whole scheme of preparedness."

"The figures of the Secretary of the Treasury may be juggled as they may, but when the Secretary is up against the brute fact of not having money to pay for these projects he will then find that figures will not make a surplus in the treasury."

When a window cord breaks the women find it mighty convenient to have a man around the house, but this value appears more doubtful as they get down on hands and knees to pick out of the parlor carpet the chips he makes sharpening lead pencils.

Praise the Lord for an old time red hot political campaign. It may divert our thoughts from Europe and enable us to forget the Mexican Whiskership entirely.

Higher prices for any article are generally considered to be justified by the fact that other things have gone up and left the people with less money than usual.

Publicly testify to quick relief and lasting results. And it's all for the benefit of fellow sufferers.

In this grand chorus of local praise Maysville is well represented.

Well-known Maysville people Tell of personal experience.

Who can ask for better proof of merit?

Mrs. Dora Mefford, Maysville, says: "I had been feeling poorly for some time before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and morales I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long, I felt stronger and better and I slept good at night."

A PICTURE OF HUGHES

The New York World, which once was outspoken in its admiration for Mr. Hughes, now declares that the people do not know where Hughes stands, or what he stands for. This Wilson organ had no such criticism to make when Mr. Hughes was governor. The World said on May 17, 1910: "He dictated no nominations, controlled no convention, trifled in no patronage, made no bargains with officeholders. He rewarded nobody for supporting him and punished nobody for opposing him. What influence he has wielded over public opinion has come through his appeals to the voters themselves." That is the estimate of Mr. Hughes given by the World six years ago. It is a pretty full letter of recommendation. Could the World say as much for President Wilson? Hardly, for the president has done all of the things from which the World absolved Hughes.—Kansas City Journal.

NOTICE TO THE PUBLIC

PRICE OF BREAD IS RAISED

For over a quarter of a century we have been making bread for the people at 5 cents per loaf, but because of continued increases in flour we are compelled to raise the price to 6 and 10 cents a loaf.

Although it is not generally known, it is a fact that we have been making bread for some time at an actual loss, and for this reason the raise has become necessary.

Should the price of flour go down so will the price of our bread.

GREAT SPAN FALLS; ELEVEN ARE KILLED

Quebec, September 11.—With the loss of eleven lives today the second attempt to bridge the St. Lawrence river here, resulted in a failure when the massive concrete span, weighing 5,100 tons, suddenly collapsed and fell into the river. Of the ninety men caught on the span when it began to sway all were rescued except the eleven, and of these only four bodies have been found.

The span was being raised from the water when from some unknown cause, it collapsed and sunk into the river, which is 200 feet deep at this place.

G. O. P. NEEDED AFTER WAR, SAYS FAIRBANKS

Frenchfield, Mo., September 11.—Charles Warren Fairbanks, Republican candidate for vice president, tonight in an address here appealed to the Republican party to be returned to power "because the country would need its policy when peace comes in Europe."

The address was the culmination of a rally which marked the opening of the Republican campaign in Missouri.

OUR COLORED CITIZENS

The Union Evangelical Meeting of the colored people held by the Scott Methodist Episcopal Church at Beechwood Park on Sunday was in every respect a grand affair. The committee representing the Ladies' Aid Woman's Home Missionary Society, with the captains of the Harrel Brigade, by their efficiency and kindness made the splendid audience happy. The Union Sunday School was largely attended.

Rev. G. W. Heard of Dover delivered a splendid address which was followed by a season of general Christian exhortations. Rev. Heard preached an eloquent sermon at 3 p. m., which was followed by an evening of sunset service which was greatly enjoyed. The evening service was a rich musical treat by the well-trained choir of Scott's M. E. Church, the juvenile choir assisting to the delight of all.

Dr. Hammond, the pastor, gave a brief address on "The Man," showing some of the great traits of Booker T. Washington as one of the world's truly great leaders. Committees representing the Woman's Home Missionary and Ladies' Aid Society cannot be praised too highly for the very efficient service rendered. The boys and girls of the church also rendered very acceptable service. The order during the day was splendid. The meetings will be continued at the church during the week. A splendid and attractive program will be rendered each evening.

"The Church of the Past," "The Present Church" and "The Coming Church" will be the topics for this evening. A great musical and piano recital will be given on Thursday evening by one of the leading pianists of the race, Miss Ethel Fleming, of Springfield, Ohio, graduate of Antioch College and the Dayton, Ohio, Musical Conservatory. A great mass meeting of the leading colored citizens is planned for Friday night. Sunday at Beechwood Park will be the great day of the feast. Large delegations are expected from Mayslick, Flemingsburg, Washington, Aberdeen and Mt. Olivet, together with the pastors of the different churches in this vicinity. A small admission fee will be charged at the gates each evening except Thursday.

What promises to be one of the most exciting games will be played at League park Sunday when the Pirates (teans and New Richmond team) hook up in the third game of their 3 game series. A hot battle is expected.

We still want a crack at the Climax team. Frank Hall please take notice.
